MERIT®
SERIES

CBX25

Economical,
high-efficiency
air handler

The economical solution for ideal comfort season to season.

The CBX25 air handler makes your comfort system complete, working with the outdoor unit to circulate conditioned air throughout your home. As part of Lennox' Merit® Series, the CBX25 is designed to provide reliable, efficient cooling and heating performance at a budget-friendly price. A direct-drive blower motor delivers a consistent flow of air, to keep every room feeling just right. And thanks to a fully insulated cabinet, the CBX25 won't interfere with the peace and quiet you enjoy so much.

Efficiency and dependability you can count on

The CBX25 is engineered for efficiency, with innovative components that work to reduce energy consumption so you save money on utility bills. True to Lennox' heritage of reliability, every unit is ruggedly constructed and rigorously tested to ensure long-lasting performance and ideal comfort. And with a newly designed smaller cabinet, the CBX25 offers installation flexibility for any home.

10-year limited warranty on the covered components.*

*Online equipment registration at www.lennoxregistration.com is required within 60 days of installation (except in California and Quebec) or Lennox' base warranty will apply. Applies to residential applications only. See actual warranty certificate for details.

Economical, high-efficiency cooling and heating

Optional Electric Heat – Provides supplemental heat for added comfort.

Fully Insulated Cabinet – Reduces sound for quiet operation.

Direct-Drive Blower Motor – Delivers consistent airflow, along with a high level of comfort.

Durable Steel Cabinet – Made to last with an attractive, high-quality textured-paint finish.

Sleeved Distributor Tubes – Protect copper tubes to prevent leaking.

High-Efficiency Evaporator Coil – Provides exceptional heat transfer and efficiency.

Antimicrobial Drain Pan – Includes an antimicrobial agent that inhibits mold and mildew growth and is made of a durable composite material that won't corrode or rust.

Efficient Check and Expansion Device – Ensures efficiency across a wide range of operational conditions. (Factory-installed on the CBX25.)
